The above captioned tender was published on www.tenders.go.ke and www.centralbank.go.ke on 23rd October, 2026. S/NO	REQUESTS FOR CLARIFICATIONS	BANK'S RESPONSES
1	Clarify the institution numbers presented in the response. The phased onboarding plan across Waves 0–4 accounts for 463 institutions, while the stated target population is 479 institutions, leaving a difference of 16 institutions. In addition, 125 institutions are reported as already onboarded across the environments. Please confirm how the 125 onboarded institutions reconcile to the 463 institutions allocated across the waves, and account for the 16-institution difference between the wave total and the overall target population of 479.	The difference of 16 (479 less 463) arises from the institutions that are already in the production environment that will not require to be onboarded. The other institutions in DEV (84) and in UAT (25), are at various stages of implementation and will require support and subsequent migration to the production environment.

The table below is a breakdown of the institutions per each category showing where they are in the various environments:
