RE: REQUEST FOR CANCELLATION OF TENDER NO: KNH/T/77/2026-2027, PROCUREMENT WORKS FOR THE PROPOSED REHABILITATION OF WATER AND DRAINAGE SYSTEMS IN THE TOWER BLOCK.

PROFESSIONAL OPINION

In my Professional Opinion, I consider that the subject of Procurement has not satisfied the Constitutional requirement of Article 227(1) and statutory requirements of the PPADA 2015.

PROFESSIONAL RECOMMENDATION

Section 60 of the Public Procurement and Asset Disposal Act, 2015 states that (1) an accounting officer of a procuring entity shall prepare specific requirements relating to the goods, works or services being procured that are clear, that give a correct and complete description of what is to be procured and that allow for fair and open competition among those who may wish to participate in the procurement proceedings. (2) The specific requirements shall include all the procuring entity's technical requirements with respect to the goods, works or services being procured. (3) The technical requirements shall, where appropriate (a) conform to design, specification, functionality and performance and (g) factor in the cost of servicing and maintaining the item.

The Chief Executive Officer is therefore requested to approve cancellation of the tender to enable revision of the tender document.
