John M. Maingi
Chief Officer- Municipal Administration & Urban Development

DESCRIPTION OF REQUIREMENTS

Karuri Municipality board seeks to acquire innovative **consortiums of Consultancy Services for the Provision of Civil/Structural Engineering Services, Electrical Engineering Services , Architectural Services, Quantity Surveying Services and Mechanical Engineering (Building Services) for Karuri Municipality under Kenya Urban Support Program (KUSP II)** to assist the Kenya Urban Support Program in the municipality design and give estimates on various construction projects so as to achieve value for money as well as efficient service delivery.

1. The scope of work will be as follows:

a. CIVIL/STRUCTURAL ENGINEERING SERVICES:

1. Inception & Feasibility Stage;

   i. Inception Report: Outline of the consultancy's understanding of the terms of reference (TOR), work methodology, and initial team setup.
   ii. Feasibility & Traffic Studies Report: to include baseline traffic counts, demand forecasting, and economic/financial appraisal (Cost-Benefit Analysis) including screening to comply with KUSP2 Project Operations Manual (PoM).
   iii. Environmental and Social Impact Assessment (ESIA) & Abbreviated Resettlement Action Plan (ARAP): Preliminary or full environmental screening, public consultation records, and social safeguard documentation required by national authorities like the National Environment Management Authority and in Compliance with KUSP2 PoM.

2. Survey, Geotechnical & Investigation Stage;

   i. *Topographic Survey Reports & Digital Terrain Models (DTM)*: High-resolution contour plans, national survey coordinate ties, and benchmark establishment.
   ii. *Geotechnical Investigation Report*: Results of California Bearing Ratio (CBR) tests, Soil Bearing Capacity (SBC) tests, subgrade soil analysis, and aggregate source identification.
   iii. *Hydrological and Drainage Study Report*: Catchment area analysis, flood return period calculations, and culvert sizing calculations.

3. Preliminary & Detailed Design Stage;

   i. *Road Plan and Profile Sheets*: Horizontal and vertical alignment drawings, centrelines, and curve data.
   ii. *Pavement and Cross-Section Drawings*: Typical cross-sections, structural pavement layers (subgrade, GSB, base, and asphalt courses), and kerb details.
   iii. *Drainage and Structure Drawings*: Stormwater channel designs, culvert schedules, side drains, and outfall protection details.
   iv. *Junction and Intersection Designs*: Acceleration/deceleration lanes, island layouts, and traffic sign/marking plans.

v. *Earthworks Cut-and-Fill Plans & Volume Reports*: Mass haul diagrams and volume computation sheets.
vi. *Civil Technical Specifications*: Customized standard specifications governing materials, workmanship, and testing standards.
vii. *Bill of Quantities (BOQ) & Cost Estimates*: Detailed itemized quantities and engineer's cost estimate.
viii. *Statutory Submissions & Stamp Documents*: Engineering Board-stamped drawings and compliance packages for relevant road and infrastructure authorities.

4. Tender Stage;

i. *Tender Documents*: Standard tender document with World Bank procedures as per KUSP2 PoMs; Instructions to bidders, conditions of contract (e.g., FIDIC), and technical specifications.

b. **ELECTRICAL ENGINEERING SERVICES:**

i. Projects Screening Reports as per KUSP2 Program Operations Manuals (PoMs) per Project
ii. Project Feasibility Report as per KUSP2 PoMs per Project
iii. Abbreviated Resettlement Action Plans as per KUSP2 PoMs per Project
iv. Environmental and Social Impact Assessment (ESIA) and NEMA licence as per KUSP2 PoMs per Project
v. Site Survey data including available road reserves and encroachments as well as topo survey data
vi. Materials reports
vii. Engineering designs and design calculations for integrated solar PV street lights including the column, based on average lux targets and uniformity ratios based on road classification
viii. Engineering Board -Stamped drawings and soft copy in both dwg and pdf file formats .
ix. Design report
x. Bills of Quantities (BoQ) with Environmental Social Management Implementation Plan (ESMIP) incorporated as per KUSP2 PoMs. Detailed itemized quantities and engineer's cost estimate.
xi. Standard tender document with World Bank procedures as per KUSP2 PoMs; Instructions to bidders, conditions of contract (e.g., FIDIC), and technical specifications.
xii. Ditto above for any other electrical installations

c. **MECHANICAL ENGINEERING-BUILDING SERVICES:**

- Design of HVAC (Heating, Ventilation, and Air Conditioning) systems.
- Specification of plumbing systems. o Coordination with architectural and structural aspects of the projects.
- Any other mechanical engineering works as may be prescribed on site

2. **Deliverables:** Enumerate the expected deliverables for each consultancy discipline: a.

a . Architectural Services:

- Conceptual architectural drawings.
- Detailed architectural plans, sections, and elevations.
- Material and finishes specifications.
- Any other assignment as prescribed

b. Quantity Surveying Services:

Cost estimates, budgets, and financial reports.

o Tender evaluation reports.

o Periodic cost tracking reports.

o Any other assignment as prescribed

c.Civil/Structural Engineering Services:

- Site analysis and feasibility reports. o

Infrastructure and drainage design.

oStructural calculations and specifications.

o Any other assignment as prescribed

d. Mechanical Engineering Services:

- HVAC system designs and specifications.
- Plumbing system specifications.
- Energy efficiency recommendations

o Any other assignment as prescribed

e. Electrical Engineering Services:

- Projects Screening Reports as per KUSP2 Program Operations Manuals (PoMs) per Project
- Project Feasibility Report as per KUSP2 PoMs per Project
- Abbreviated Resettlement Action Plans as per KUSP2 PoMs per Project
- Environmental and Social Impact Assessment (ESIA) and NEMA licence as per KUSP2 PoMs per Project
- Site Survey data including available road reserves and encroachments as well as topo survey data
- Materials reports
- Engineering designs and design calculations for integrated solar PV street lights including the column, based on average lux targets and uniformity ratios based on road classification
- Engineering Board -Stamped drawings and soft copy in both dwg and pdf file formats .
- Design report
- Bills of Quantities (BoQ) with Environmental Social Management Implementation Plan (ESMIP) incorporated as per KUSP2 PoMs. Detailed itemized quantities and engineer's cost estimate.
- Standard tender document with World Bank procedures as per KUSP2 PoMs; Instructions to bidders, conditions of contract (e.g., FIDIC), and technical specifications.
- Ditto above for any other electrical installations

In addition, to the above deliverables the Consortia of the described Consultancy Services shall provide

i. Schematic Design Services: site plans, floor plan(s), sections, elevation, and any other illustrative materials; computer images, renderings, or models. Typically, the drawings include overall dimensions, and a construction cost is estimated.

ii. Design Services: floor plans, sections, and elevations with full dimensions. These drawings typically include door and window details and outline material specifications.

iii. Document Services: set of drawings that include all pertinent information required for the contractor to price and construct the project**.**

Duration of the project: To be as indicated in the RFP issued to the successfully shortlisted candidates

EXAMINATION FOR ELIGIBILITY

The Applicants will be examined for eligibility on the following basis. Those who do not qualify will not be subjected to more detailed evaluation.
